

STEM Wars 2026

Shirt Design Challenge (for 2027 STEM Wars Shirt)

Event Coordinator:

- Reggie Cole
- rcole@cvcougars.org
- Please contact him with any questions.

Objective – Create a hand drawn logo for STEM Wars 2027. This logo will be printed on the shirts for next year. The logo will also appear on the website and promotional material used for STEM Wars. It is important that the design clearly promotes STEM Wars 2027 without excessive objects or clutter.

Constraints – The logo must be finished in either sharpie or pen. Any pencil lines should be traced over in ink to enhance contrast. The design needs to be a high contrast black and white image (50% black / 50% white). STEM Wars 2027 must clearly be displayed in the logo.

Rules

- The logo must include “STEM Wars 2027”
- The logo must be submitted on a sheet of 8 ½” x 11” paper
- Ink or sharpie must be used to enhance contrast
- The logo will be hand drawn (no computer or AI generated images)
- Write your name, school and MS or HS on the back of your logo

Competition – Students who attend STEM Wars 2026 will be given a ticket that will be used to vote on the logo for next year. In the event of a tie, a coin flip will determine the winner.
